CLEAN OUT THOSE BASEMENTS & GARAGES

This pamphlet contains the entire 2016 schedule for
Gloucester County's Household Special Waste Program

The Gloucester County Improvement Authority complies with all state and federal rules and regulations and does not discriminate on the basis of race, religion, color, national or ethnic origin, sexual orientation, age, marital status or disability in admission to, access to, or operations of its programs, services, or activities. In addition, Gloucester County Improvement Authority encourages the participation of people with disabilities in its programs and activities and offers special services to all County residents 60 years of age and older. Inquiries regarding compliance may be directed to the EEO officer Carmen Trifiletti at 856-848-4002.

This is the only 2016
collection schedule
that will be available
**PLEASE DO NOT
DISCARD!**

GLOUCESTER COUNTY'S HOUSEHOLD SPECIAL WASTE PROGRAM . . .

Since 1989 Gloucester County has been conducting collection days where residents can drop-off their "Household Special Waste" (HSW) at a designated location for free. The Gloucester County Improvement Authority (GCIA)/Office of Recycling, in cooperation with the Board of Chosen Freeholders, continues these drop-off HSW Events to provide a convenient disposal method for Gloucester County residents. In 2016, Gloucester County will sponsor four collection events. Over the years, Gloucester County's HSW Program has accepted thousands of pounds of hazardous materials, removing them from the regular waste stream.

Due to the extensive costs associated with the HSW Program, the present four day schedule is the most the GCIA/Office of Recycling can offer and still remain within budgetary constraints. County residents who require HSW disposal at times other than the scheduled events are encouraged to contact the GCIA/Office of Recycling for alternate disposal methods.

**THE 2016 HSW COLLECTION DAYS
ARE LIMITED TO GLOUCESTER
COUNTY RESIDENTS ONLY!!**

**COMMERCIAL BUSINESSES ARE
PROHIBITED FROM PARTICIPATING
IN THESE EVENTS!!**

For tire disposal contact (856) 478-6045
For asbestos disposal contact (856) 478-6045, ext. 25

MATERIALS ACCEPTED FOR DISPOSAL

Materials will only be accepted for each scheduled event at the designated drop-off site and **WILL NOT** be accepted at any other location!

Acceptable items include: oil based paints, stains, motor oil, antifreeze, lead acid & all rechargeable batteries, CFL bulbs, fluorescent lights & ballasts, solvents, pesticides, cleaners, kerosene, herbicides, gasoline, turpentine, varnish, fertilizers, rat poisons, auto & floor care products, weed killers, lighter fluid, propane tanks, photographic & pool chemicals. (**55 gallon containers require prior approval**)

The following items will **NOT** be accepted for disposal: **Latex Paint, Alkaline Batteries, PCBs, infectious waste, medical waste, radioactive waste, ammunition and explosives.**

Latex paint will NOT be accepted for disposal ANYMORE! It is a water based paint and considered NON-HAZARDOUS when dried out.

For those of you who have empty latex paint cans, please take the lids off and place them in your regular household trash. For those cans that still have paint in them: if the latex paint has solidified, that too can be placed in the trash with the lids off. Kitty litter or any other clay based quick dry product may be used to dry out any remaining liquid paint that is left. Place the hardened paint can in the trash as above. If we all work together, we can keep HSW disposal costs down and continue our HSW Collections for many years to come.
