### **NOTICE TO ALL SUMMER PROGRAM PARTICIPANTS – PARENTS – INSTRUCTORS**

Air conditioning is not available during the summer months for the Parks and Recreation programs being held in school facilities. It is too costly for the school district to turn on central air conditioning units for the use of only a few rooms for a couple of hours a day. Parks and Recreation has always held programs in the schools during the summer without air conditioning. It has only been in the last few years that air conditioning has been added to the schools.
