Washington Township Residents

We are experiencing high levels of contamination in our curbside single stream recycling. When non-recyclable items (TRASH) end up in your recycling container, they have the potential to turn the entire truck load into trash. This increases processing cost, which results in additional service charges to the municipality.

ACCEPTED MATERIALS:

- NEWSPAPER & PAPER
- PLASTIC BOTTLES (ONLY #1 & #2)
- GLASS BOTTLES & JARS (ANY COLOR)
- CARDBOARD (NO WAX)
